Hi, I'm Jon Snow

I'm in the MEPN program at UCSF.

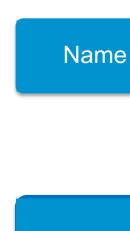

I understand you worked as an RN after your first year in the MEPN program.

I am considering doing so as well. How did you find your RN position, and what were your strategies to balance your courses with your workload?

Entering a Conversation... at an Information Session

Organization (school/year)

Networking Conversation Starter (Your Goal, Their Story)

Hi, I'm Arya Stark.

I'm a 3rd year student pharmacist.

Thank you for your great session on applying to the Pharmaceutical Industry Fellowship program!

I am exploring the different ways that pharmacists transition into industry. What led you to pursue this Fellowship program to further your training?

Your Turn: Starting a Conversation

Remember,
To get to <u>your</u> goal,

In the beginning focus on their story

Ending a Conversation, Gracefully

- Winding down a conversation could take between 1-5 minutes
- Give a person time to register the conversation is ending
 - Smiling
 - Thanking them for their time
 - Asking how they can keep in touch

Language: Ending a Conversation, Gracefully

A General Ending

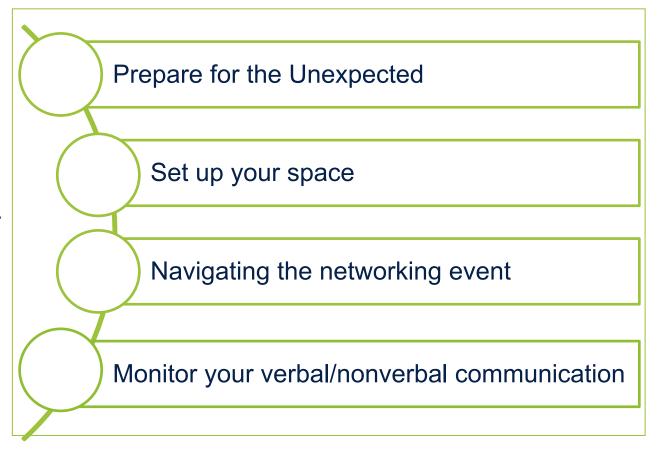

- Thanks so much for your information/advice. It would be great to keep in touch. What is the best way to contact you?
- Thank you. I'll follow up with you by email before next week.
- It was great talking with you! It was helpful hearing what criteria you used to evaluate internship programs and what questions you asked during the interview. Thank you!
- I'm sorry to interrupt (because this is interesting), but I need to connect with Dr. Lannister from the Winterfell Lab before the end of the event. Thank you so much for your time and I look forward to staying in touch.
